Last Updated Wednesday, 24 October 2012

We offer repairs for most makes of mobile phones. Our service includes in-store and by post mobile phone repairs including repairing software failure within the phone to replacing LCD screens. One of the most common repair services is broken LCD screens or Digitisers(front glass) that have occurred due to dropping or accidental breakage. Below is a list of more common repairs we have performed:

Water damaged handset, Signal loss problems, Damaged housing, Faulty LED's, Mic & Speaker problems, Power Connections and Software problems. How much do you charge? First we will need a detailed description of the fault so we can give you an accurate quote. Please fill in the form below and we will contact you with a price and instructions regarding sending your phone with an order form and payment details.

What payment methods do you offer?

Pay Pal, Credit/Debit Cards, & Cash for this service. How to pack your phone before sending it to us: (1) Take out your simcard and keep it safe, as this is not needed to repair your phone. (2) Fully charge the battery and turn your phone off. (3) Wrap your phone in bubble wrap or similar. (4) Place wrapped phone in a jiffy bag, along with your completed and signed Order Form. (5) We recommend you send your phone special delivery, to ensure your phone is delivered and signed for by us safely.

SonyEricsson W550 LCD replacement service  
£60.00

We can repair the screen ribbons on the following phones, often the cause of screen failure

Some slide models ie. Samsung D500, E350, D600 can experience screen problems, that are caused by the ribbon that attaches the screen to the phones main board.

The screen appears fine, except the display may be just blank white, or corrupted, or upside down. You may also notice that some buttons are not responding under the screen, this again is caused by the ribbon wearing. If your LCD tooks intact you probably just need the ribbon replacing.
